

BIG PENALTY FOR PROFITEERING

Two Years' Imprisonment and \$5,000 Fine Proposed to Congress

SUGAR PRICES AGAIN UNDER U. S. CONTROL

Government Statement Says Sugar Should Reach Consumer at 11c Pound

Washington, D. C., Aug. 22.—Amendments to the war-time food control act, extending the measure to peace times and putting "teeth in it," as requested by Attorney General Palmer, were before the House today. The act, as amended by the agricultural committee and unanimously reported last yesterday, was broadened to include wearing apparel, containers of food, feed or fertilizer and fuel oil; brings retailers within the scope of its provisions and provides a maximum penalty of two years' imprisonment and a \$5,000 fine for profiteering. Farmers are exempted, the committee declaring there was absence of evidence to show profiteering in their case.

Should the recommendations of the committee be adopted, government officials and members of Congress believe a long step forward will have been taken in the fight to lower the cost of living. Numerous other bills affecting various features of the problem are pending in both branches of Congress.

FIRES THREATENING IN NEW ENGLAND WOODS

Federal Forest Service Urges Extreme Care by Every Person Who Enters Timbered Areas.

Gorham, N. H., Aug. 22.—Extreme danger from forest fires is present at this season in many sections of the White mountains and other timbered areas of New England. This warning is issued by the White mountains office of the forest service, United States department of agriculture, which urges the greatest precautions against carelessness that might result in disastrous blazes. Dry conditions prevail in a large proportion of the forest lands, according to reports to the forest service office. Showers have been fairly numerous, but seem to have had no more effect than would heavy dew. Outlets of ponds and springs are reported as almost "dusty."

WHOLESALE MURDER IN MEXICO.

Ninety of Mexican Government Garrison Were Killed.

Laredo, Tex., Aug. 22.—Killing of 90 men of the government garrison at Tancitaro, state of Vera Cruz, Mexico, by followers of Manuel Pelaez, the rebel chief of the oil regions, is reported in copies of El Heraldo de Mexico, which have been received here. Sixty were killed in defending the town.

According to the published account, the rebel chief forced the commander of the garrison, Lieut. Col. Marquez, to execute the 30 prisoners with a machine gun, later hanging the unfortunate officer up by his heels and shooting him.

An Internal Treatment For Piles (Hemorrhoids)

Gives absolute relief from all pain and suffering. Has never failed. Guaranteed.

Many people have become dependent because they have been led to believe that their case was hopeless and that there was no remedy for their case. Go to your druggist and get an original bottle of Miro Pile Remedy, the discovery of a clever Ohio chemist, that taken internally, passes unchanged through the stomach and intestine, and thus reaches the source of the trouble where, by its soothing, healing, antiseptic action, it first allays and then by direct contact with the ulcers and piles causes them to heal and disappear forever. It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days, even in cases that have resisted all previously known treatments really wonderful results have been accomplished. It is one of the wonderful discoveries of recent years and anyone who is disappointed with its use can have their money refunded. Just read what Mr. F. M. Smith of 2313 Broadway, Lorain, Ohio, says: "I gladly recommend Miro Remedy for Piles. There is no equal to it. I suffered for 18 years and tried everything that was recommended. I doctored for years and was a constant sufferer with bleeding piles. I took two bottles of Miro and was entirely cured. Any sufferer using it will never regret it."

All pharmacists dispense Miro or can get it for you on short notice. Surely it is worth the little trouble to obtain to be rid of piles forever.

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.

If your druggist cannot supply you we will gladly send either of the above mentioned in receipt of price. Internal Treatment \$1.50; War Tax 8c, Ointment 50c, War Tax 2c extra. Guarantee Remedies Co., Elyria, Ohio.—Adv.

Peptiron

A Real Iron Tonic
Ironizes the blood, steadies the nerves, gives color to pale cheeks, creates an appetite, aids digestion. Made by C. I. Hood Co., Lowell, Mass.

Soap, Ointment and Talcum 25c every-where. Sample each free by mail. Address post-card: Cuticura, Dept. 6F, Boston.

RUTLAND GIRL DROWNED IN LAKE DUNMORE

Miss Marjorie G. Spencer, Graduate of Smith College Last June, Sank Into Hole While Bathing.

Rutland, Aug. 22.—Miss Marjorie G. Spencer, aged 22, daughter of Alderman and Mrs. Charles W. Spencer of Rutland, was drowned in Lake Dunmore yesterday while bathing in company with Miss Kathleen McNamara, they being members of a party of girl campers at Camp Bentley.

The drowning took place at Saunders Point, where the shore is treacherous, with many deep holes. Miss Spencer got into one of these holes and went down. Miss McNamara swam to her rescue and was drawing her companion out when Miss Spencer's bathing cap came off, causing Miss McNamara to lose her hold. Miss McNamara herself went down twice while trying to save her companion.

A number of boys from Keewadin camp were swimming around the point on the way to Moosalamoo park and young Steven Derby, 17 years old, dove for the girl and brought the limp form to shore. Miss Spencer had been under the water about five minutes.

The doctor at Zelenko camp, which is about three-quarters of a mile away, hastened to the scene in answer to a telephone call and Dr. O. C. Baker of Brandon was also called. Mr. Spencer was notified and rushed to the scene accompanied by Dr. C. H. Swift from Rutland, taking with them a lungmotor, but all efforts failed to restore life. Work to resuscitate was not suspended for two hours.

Miss Spencer was graduated from the Rutland high school and this year from Smith college, Northampton, Mass. Miss Spencer helped conduct some of the Red Cross drives for funds during the recent war and was well and popularly known for her helpful work as well as her social associations.

She is survived by her parents and two brothers, Raymond and Charles Spencer. Auto Overturned While on Way to Lake Dunmore.

The report was current in Rutland that Miss Florence Holland was in the drowning accident and E. H. O'Brien started for the scene with Miss Holland's sister, Mrs. May McKearin. Near the Morehouse place the machine was overturned and Mrs. McKearin had several ribs broken and was taken to Brandon, to a doctor for treatment. Miss Holland was uninjured.

JONES MEETS FOWNES' HERRON VS. PLATT

In Semi-Final Round of National Amateur Golf Championship at Oakmont Club, Pittsburgh, To-day.

Pittsburgh, Pa., Aug. 22.—The semi-final round of the national amateur golf championship started on the Oakmont Country club course this morning, with Robert T. Jones of Atlanta paired with W. C. Fownes, Jr., a former national champion of Oakmont, while S. Davidson Herron of the home club met J. Wood Platt of Philadelphia.

KOREANS WANT INDEPENDENCE

Will Not Be Satisfied With Japanese Control of Their Country

JAPAN'S PROMISES MEAN NOTHING

Korea Does Not Desire to Be the Tool of Some Other Nation

Washington, D. C., Aug. 22.—Japan's promise of early reforms in the Korean government as made in the imperial rescript recently issued at Tokio is "insincere" and "means nothing to Korea," Dr. Syngman Rhee, president of the provisional republican government of Korea, declared in a statement issued here. "Reforms for Korea," he added, "cannot grow out of Japanese control of Korea in any manner or form. Koreans will not be satisfied with anything less than complete independence. They want the right to govern themselves, in their own way, by a representative form of government. They want self determination. They are entirely competent for this. They do not want to be the instrument and tools of some other nation to further its ambition and desire to be a world power."

MONEY FREE IN ENGLAND.

Extra Wages Have Brought About Astonishing Social Change.

London, Aug. 22.—More money than ever before is now in circulation in English villages, and its easy expenditure is apparent even to the casual passerby. Extra wages earned by workmen, hotel maids and farm laborers have brought about an astonishing social change.

One evidence of this is seen in the great increase in bicycles and motorcycles, which has necessitated the establishment of countless garages and repair shops throughout the country. Dancing and other clubs are springing up everywhere. Whist clubs are favorites, and the costliness of the prizes for which the members play would, a few years ago, have constituted almost a scandal. The sense of well being and the demand for a more comfortable life is assigned as the cause for this last development. It is taken by sociologists as a permanent thing which is more likely to increase than to diminish.

PALMER CONFIRMED BY MISTAKE.

Action May Be Reconsidered by Senate, Though Confirmation Was Recommended.

Washington, D. C., Aug. 22.—Confirmation of A. Mitchell Palmer to be attorney general was confirmed Wednesday by the Senate through mistake, it was declared yesterday, and the action may be reconsidered. While there has been opposition to Mr. Palmer, favorable action was unanimously reported by the judiciary committee and the Senate had been expected to approve.

It was explained yesterday that when the executive session of the Senate began Wednesday a long list of nominations of postmasters were sent to the presiding officer's desk. A motion that they be approved without reading was adopted. By mistake the nomination of Mr. Palmer was included, but this was not discovered until yesterday upon examination of the executive clerk's record. Meanwhile official announcement of the confirmation of Mr. Palmer had been made in the Congressional Record for yesterday.

PROF. WILLIAMS CALLED.

To Give Testimony Before Senate Foreign Relations Committee.

Washington, D. C., Aug. 22.—Professor E. T. Williams, who resigned from the American peace commission at Versailles during the Shantung negotiations, was the only witness who had been called to testify before the Senate foreign relations committee today in its consideration of the peace treaty provision giving Japan control in the Shantung province.

During the day the treaty was under discussion also in the Senate. Senator Thomas, Democrat, Colorado, had given notice he would speak on the provisions setting up an international labor organization.

FIVE RACES SCHEDULED.

For Grand Circuit Meet at Poughkeepsie, N. Y., To-day.

Poughkeepsie, N. Y., Aug. 22.—Five races are scheduled for today at the grand circuit meeting here. U. S. RAILWAY TROOPS WORKED HEROICALLY

Pushed into Territory Held by Russian Bolsheviks and Transformed Railroad and Burned Bridges into a Workable Railway.

Soroka, Russian Lapland, June 30, via London, Aug. 21 (Correspondence of the Associated Press).—Pushing forward daily into territory of the bolsheviks and often under fire, the American railway troops on the Murman front in two months transformed 75 miles of dynamited and burned bridges and railway, wrecked and destroyed by retreating bolsheviks, into a workable railway, which they manned, operated and maintained.

To these troops, the British command gives much of the credit of the 75-mile advance toward Petrozodsk. In the contingent were 36 officers and 675 men, comprising the 16th and 168th companies of railway troops as a special battalion under Major E. E. MacMoreland, Kansas City, and every kind of railroad from a superintendent to a section hand.

The Yanks worked so fast, in fact, that the bolsheviks, according to prisoners taken, believed that they had miraculous machines for tracklaying and adjustable bridges, which they dropped in

MEXICAN BANDITS PUT TO DEATH

Seven of the Gang Who Robbed Sailors Apprehended by the Carranza Authorities.

Galveston, Tex., Aug. 22.—Seven of the Mexican bandits who robbed sailors from the United States cruiser Cheyenne off Tampico last month, have been apprehended and put to death by the Carranza authorities, according to an official report from General Gonzales to Mexican Consul Meade Fierro here, made public yesterday. The report states the
